

## Présentation

Ericsson is a world leading provider of telecommunications equipment and related services to mobile and fixed network operations globally.

Over 1000 networks in 140 countries utilize our network equipment and 40 percent of all mobile calls are made through our systems.

We truly believe that communication is for all. This represents the foundation on which our business is built and is the driving force behind our vision of the future. At Ericsson, our people are the main asset contributing to our business success.
