

About the company

Owned by SunGard Group, GL TRADE provides the international financial community with a complete range of software solutions covering Trading, Order Management, Risk Management, Order Routing Network, Market Data and Dedicated Services.

The GL TRADE group has about 30 offices worldwide and employs more than 1,400 people. GL TRADE is operating in over 50 countries and serving 1,600 clients including the world's 20 largest financial institutions. In 2007, GL TRADE turnover was €203M.

Part of the GL TRADE group, GL TRADE Tunisia, employs 150 people. Keen on quality of products and services, and driven by its development in a competitive environment, GL TRADE Tunisia is a near shore R&D centre for GL TRADE's network.

Message to visitors

One of our main strengths at GL TRADE is the men and women who work for us. We have grown from a company with four employees, based solely on the Parisian financial market, to an international Group with more than 1,400 employees.

GL Trade has expanded over the years and now offers the financial community a wide range of solutions. The company has become a major force on its market.

GL Trade offers you dynamic and challenging work opportunities in a competitive environment.
