■ Présentation

Hewlett-Packard (HP) is the largest technology solutions provider in Europe, Middle East and Africa (EMEA) and worldwide. The company's offerings span from IT infrastructure, personal computing and access devices to global services, imaging and printing. Our customers are virtually everybody: consumers, small and medium sized companies, large corporations as well as Government institutions.

HP is a company fuelled by new thinking and unique ideas about creating more valuable experiences with technology. We make the impossible possible and are committed to challenging, stretching and never staying still. It is all to do with what sets us apart as a company.

At HP we work across borders, and without limits. Global virtual teams share resources and pool their brainpower to solve business issues and meet personal goals. Each individual is valued for the unique skills, experiences and perspective he/she brings. That's how ideas – and people – grow.

Now we are looking for the best talents to help us develop cutting edge technologies and grow in Middle East, Africa, Mediterenian. We'll invest in your intellectual ability, encourage early responsibility and support your ambition and progress. With our coaching, guidance and global reach, the future is yours to explore!

■ Message adressé aux visiteurs

We're looking for people who have graduated from top universities or who will graduate within this academic year with degrees in technical studies such as Engineering, Computer Science, Information Technology or any other technical studies; non-technical candidates are also welcome.
